EDUCATION

Bachelor of Science (BSc Hons) in Computer Science

University of Wolverhampton
Wolverhampton, United Kingdom
Graduated: 2026

Relevant Modules

- Software Engineering
- Web Application Development
- Database Systems
- High Performance Computing
- Networking & Cyber Security
- Human Computer Interaction
- Mobile Application Development

+2 Computer Science | Bluebird Secondary School, Nepal | 2021

- **Result:** CGPA 3.34.
-

PROJECT EXPERIENCE

Personal Portfolio Website

Technologies: HTML5, CSS3, JavaScript, Bootstrap

Developed a fully responsive portfolio website to showcase technical projects, academic achievements, and development skills.

Key Achievements:

- Designed a modern mobile-first user interface

- Optimised performance and accessibility
 - Improved online professional visibility for recruiters
-

Local Market – Digital Marketplace Platform

Technologies: PHP, CodeIgniter, MySQL, AJAX, Bootstrap

Developed a marketplace platform connecting local buyers and sellers.

Key Achievements:

- Built secure user authentication and registration system
- Developed admin dashboard for product management
- Improved platform usability with asynchronous AJAX interactions

Business Impact:

Helped support digital accessibility for local businesses.

ElectroMart – Electronics Marketplace

Technologies: PHP, CodeIgniter, MySQL, JavaScript

Designed and developed a secure marketplace for second-hand electronic devices.

Key Achievements:

- Created product search and category filtering
- Implemented secure user profile management
- Built responsive cross-device interface

Business Impact:

Simplified online buying and selling of used electronics.

PrepMaster Nepal – Online Learning Platform

Technologies: Next.js, React.js, Node.js, MongoDB

Developed a subscription-based educational platform for entrance exam preparation.

Key Achievements:

- Built authentication and subscription systems
- Created mock test and analytics features

- Improved digital learning accessibility for students
-

PROFESSIONAL EXPERIENCE
